

St Edmund Hall

Accounts of Battels also called Buttery Books

These books list the names and expenditure of all students resident in Hall, week by week. These books were not only a record of the moneys owed by each member of the Hall, but also the payment of these accounts.

We are happy to check which weeks within any given year an individual is recorded. Principals and Vice Principals are not named in these books, and nor are staff as they are listed under their role name
