Stipendiary Lectureship (3 hours) in Computer Science

1 October 2026 to 30 September 2027

FURTHER PARTICULARS

The College proposes to appoint a 3-hour Stipendiary Lecturer in Computer Science, commencing at the start of Michaelmas Term 2026, running for one year (i.e. three terms). The person holding the post will be expected to teach the students of St Edmund Hall in Computer Science for undergraduate admissions. Please note that the College is unable to sponsor a work visa in respect of this position.

St Edmund Hall's roots are in the 13th Century, making it one of the oldest educational institutions now within the University of Oxford. It is the only medieval academic Hall to have preserved its identity; the ancient name of "Hall" has been retained to reflect its long history and pre-collegiate university roots. At Oxford, the collegiate university comprises the colleges collectively associated with the academic departments and central offices. However, in legal, financial, and organisational terms each college is an independent corporation, self-governing and self-contained. St Edmund Hall, in common with all Oxford colleges, has recently been granted status as a registered charity. Our current Principal, Professor Katherine Willis, joined the Hall in October 2018.

St Edmund Hall occupies a historic site in the middle of Oxford, just off the High Street. The College community has around 70 Fellows (just over half of whom form the Governing Body), and around 400 undergraduate and 300 postgraduate students and up to 32 Visiting Students, in addition to administrative and domestic staff. The Queen's Lane main site accommodates many of our facilities, including the administration, Fellows' rooms, the Senior, Middle and Junior Common Rooms, Dining Halls, and student accommodation. Our library is on this site, occupying the beautiful former church of St Peter-in-the-East. We have further extensive student accommodation properties in north and east Oxford: in Norham Gardens, and on Iffley Road and Dawson Street.

Computer Science at St Edmund is taught by Dr Joe Pitt-Francis. On the undergraduate programme there are around 4 students in each year group.
